

New Pool Needs Are Outlined

The addition of several items to the new swimming pool was approved by the Recreation Commission at its meeting Jan. 22.

The Commission members agreed on the need for a lifeguard chair, at a cost of \$385; metal desk, chair, partition curtain and draw shades, \$246; four bicycle racks at \$50 each, and a clothing rack and 200 bags, \$559.

IT WAS also agreed that the pool should be equipped with a heater, an eventuality which may change the admission prices as suggested by the commission at the Jan. 8 meeting.

So far \$2,200 has been pledged toward having a heated pool and, it was pointed out, the Civic Club has a fund of about \$550 it might donate. The commission voted to check with Robert Almsworth, pool architect, as to the best type of heater to buy.

Also needed for the pool are ladders to facilitate getting in and out. It was suggested that the ladders, at about \$300 each, may be donated.

POOL HOURS will be from 1 to 5 p.m. and 6 to 9 p.m., Monday through Friday; 12 noon to 7 p.m. Saturday, and 1 to 6 p.m. Sundays and holidays.

Also discussed was the need for an instruction program during the morning hours, probably modeled after the Red Cross program.

The pool will open May 30.

Little League Meets Twice This Week

Two Little League policy making meetings are on the agenda this week.

The first—a meeting of all leagues in District 17—will be this evening in H. Shaw's Auditorium at Duarte Rd. and Baldwin Ave. in Arcadia. Officials will decide on what changes should be proposed at this year's Little League Congress.

The second meeting will be Friday evening in the City Hall here for coaches, managers, officers and committeemen.

The list of sponsors for the six Little League and four Babe Ruth teams in Sierra Madre is nearly complete, the latest additions being the Civic Club and Fred Richter Inc. A number of teams, however, are still in need of supervision. Anyone wishing to help may contact Mercer Duff, Elgin 5-1462, Duff, Little League vice president, is in charge of the personnel committee.

The official Little League franchise has been received, as well as approval of Sierra Madre's application to enter tournament play.

Second Nursery School Program Scheduled Feb. 4

The second program, sponsored jointly by the Sierra Madre Community Nursery School and Pasadena City College Extended Day, in the series of "Creative Parenthood," will be at 8 p.m. on Tuesday, Feb. 4, at the Nursery School, 701 E. Sierra Madre Blvd.

The topic will be "These Are Our Children" and will consist of a parents' panel with Mrs. John Veblen and Harry Elwood discussing "We prepare our children for experiences they will face and thus avoid many later problems."

Mrs. Richard Bell and Carl Cheadle will discuss "We interpret our children's experiences in ways they can understand and hope that good learning will take place." Carl Shafer, psychiatric social worker, will be moderator.

The meeting is open to all parents and other interested persons, whether or not they are members of the Nursery School.

MT. ALVERNO GUILD, a group which helps support Mt. Alverno Motherhouse in Sierra Madre, recently elected Mrs. R. J. Hilbe as president for the coming year. Assisting her are Sister Mary Aquinas, sister coordinator; Mrs. A. V. Wilmas, first vice president and historian; Mrs. J. H. Quigley, second vice president.

Bus Service Started For PHS Students

The current bus strike has forced Pasadena High School to provide one-way transportation to students living in Sierra Madre and Hastings Ranch.

Embree buses now transport Sierra Madre students from school to Sierra Madre and Colorado Blvds., where they connect with Metropolitan Coach buses into Sierra Madre. Buses take Hastings Ranch students to points near their homes.

LACK OF transportation, particularly before the new from-school service was started, has worked a hardship on both students and families, according to a school survey. Hitch-hiking is on the increase and many boys have been walking to school. Parents have found personal transportation costs increased.

The majority of Sierra Madre students are pleased with the new arrangements, but wish the plan could be broadened to include transportation in the morning from Sierra Madre Blvd. and Colorado to the high school.

Under Pasadena city school policy, bus transportation is provided for students beyond the two-mile limit. Hastings Ranch students are now transported entirely by Embree buses, and those living in Sierra Madre are given shuttle service to the point of contact with the Metropolitan lines.

THE BUSES leave the high school at 3:20 p.m. and make the following stops in Hastings Ranch:

Foothill and Kinneloa, Sierra Madre Villa and Alameda, Alegria and Hastings Ranch Dr., Michillinda and Greenhill, and Arbolada and Quigley.

3rd Graders Tour Union Terminal

Mrs. Dorothy Baird, third grade teacher at Sierra Madre Elementary School, took 31 of her students on a field trip to Los Angeles Union Terminal.

Following a guided tour through the station, the students boarded the Union Pacific "City of Los Angeles" and rode in the dome car to the East Los Angeles station.

Highlight of the occasion was the meeting and receiving of autographs from Lucille Ball and Vivian Vance, Ethel Mertz in the "I Love Lucy" show, who were en route to Sun Valley to make a picture.

Young GOPs To Hear Talk On War Years

Maj. George Racey Jordan, Lend-Lease expediter in charge of air freight to Moscow in 1943 and 1944, will speak before members of the Foothill Young Republican Club Monday evening at 7 o'clock in the VFW Hall, 40 E. Montecito, Sierra Madre.

Maj. Jordan, who has supplied information to Fulton Lewis Jr., will discuss the relationship between the Roosevelt Administration and the Russians during World War II.

The club also will ask for volunteers to assist Rep. Edgar W. Hiestand in his survey of voters' opinions. The meeting will be a potluck affair.

Arboretum Garden For Blind Planned

A garden for the blind containing highly fragrant flowers, descriptions in Braille and a tape recorder is planned for the Los Angeles County Arboretum in Arcadia.

The garden, sponsored by the Los Angeles State and County Medical Society, is expected to be completed by 12th District, California Gardens Inc.

THE ADDITION to the Arboretum will be between the herb garden and audubon feeding station. The elbow-high garden wall is already under construction and planting is planned within two or three months.

The garden will contain fragrant flowers and plants with textured leaves which the blind can identify by touch. Also suggested are common vegetable plants such as tomatoes.

All plants will be marked in Braille, but since most people who lose their sight after middle age are unable to learn Braille, the Arboretum plans to install a tape recorder so that sightless visitors may push a button and hear a description of the flowers and plants.

REPRESENTATIVES of the 12th District have voted to provide funds for the tape recorder, according to Mrs. Carl H. Gerke, who represented the Sierra Madre Garden Club at a recent district

President John H. Biggar Jr. of the Tournament of Roses Assn. will be presented to Mayor James by Robert Coates, a Rose Tournament official, who served as liaison with the Sierra Madre Committee. Mr. Biggar will present to the city, through Mayor James, the Theme Prize won by Sierra Madre last New Year's Day.

THE CLOSING feature of the program will be a first showing of the official color motion picture of the entire parade.

The Rose Tournament Assn. has 40 copies of this film which in the next few months will be shown all over the world.

Ushers for the affair, provided by the Lions Club, include James A. Dunnagan, Verne Eppard, Robert Fischer and James Simone.

Oh, for a Name, You Try It!

The naming of Sierra Madre's new city park will be thrown open to the public, according to action taken by the Planning Commission at its meeting Jan. 22.

The commission, in fact, would like Sierra Madreans to suggest two names—one for the new park at the spreading grounds and one for the present park on W. Sierra Madre Blvd. Suggested names may be mailed to City Hall, in care of the Recreation Commission.

COMING highly recommended from Ridgewood, N.J., is the new Pasadena City School superintendent, Dr. Robert E. Jenkins. Dr. Jenkins, until now superintendent of schools in Ridgewood, has a reputation as one of the most capable administrators in the United States. Under his guidance 85 per cent of the high school graduates have gone on to college. A grading system inaugurated by Dr. Jenkins has received 98 per cent parental approval and an open door policy has prevailed with both press and public. Prior to his superintendency in Ridgewood, Dr. Jenkins was assistant superintendent in charge of instruction in the San Diego city schools.

Annual Chest Meeting Feb. 6

The annual meeting of the Sierra Madre Community Chest will be at 8 p.m. Thursday, Feb. 6, at the Community Nursery School. There will be a program and light refreshments will be served.

The goal has not yet been reached, but Chest officials are counting on the support of the previous contributors.

CALTECH LECTURE

"Temperatures of Past Epochs" is the title of this week's Friday Evening Demonstration Lecture at the California Institute of Technology.

April 8 Election Will Settle Problem

Voters will decide April 8 whether the offices of city clerk and city treasurer should be appointive or elective, under a motion adopted by the Council at its meeting Tuesday night.

The motion, made by Dr. David Wood, followed lengthy debate in which many members of the audience participated. The terms of the city clerk and treasurer, both elected officials, expire in 1960.

Local residents will not be asked to vote a salary changes or other details, but simply on whether the jobs should be appointive.

City Attorney Named for Month Only

Thomas La Sage was appointed temporary city attorney by the Sierra Madre City Council Tuesday night to succeed T. Guy Cornyn, who died unexpectedly Jan. 22.

Mr. La Sage, with offices in Pasadena, will act as city attorney for the month of February, giving the Council time to appoint a permanent official.

Mr. Cornyn, 60, city attorney here for the past nine years, died in his home, 1906 S. Sixth Ave., Arcadia. Death was attributed to coronary thrombosis.

Private funeral services were conducted by Glasser and Miller Mortuary, and in lieu of flowers, friends were asked to make contributions to the heart fund.

Mr. Cornyn, whose law offices were at 101½ E. Huntington Dr., had also been city attorney in West Covina and in Arcadia.

He was a native of Vancouver, B.C., and received his law degree from the University of British Columbia. He had lived in Arcadia since 1941, and was affiliated with the Masonic Order.

He is survived by his widow, Marjorie, a son, Stanley, who is well known in little theater groups, two brothers in the East, and a sister in San Francisco.

Trash Pickup Times Change On Feb. 1

A change in the rubbish collection schedule in Sierra Madre will become effective Feb. 1, City Administrator Lawrence C. Bevington reminded residents yesterday.

For the purpose of pickups, the city has been divided into five zones. Zones 2, 3 and 5 start on the west side of Baldwin and include all the city to Michillinda. Zones 1 and 4 are from Baldwin east to the city line.

Garbage will be picked up in the latter zones on Mondays and Thursdays, and in the former on Tuesdays and Fridays.

Rubbish will be picked up Monday in Zone 1, Tuesday in Zone 2, Wednesday in Zone 3, Thursday in Zone 4 and Friday in Zone 5.

When a holiday falls on a week day, collection for the balance of the week will be delayed one day. Mixed refuse will not be collected, and all rubbish should be placed at the curb by 6 a.m. on the day of collection.

Each household should have at least two suitable containers not to exceed 30 gallons each. It is against the law to leave containers on the curb for more than 24 hours.

Every home in the city, incidentally, should have received a revised rubbish collection schedule which contains instructions on procedures to follow.

Stick to Facts

The issue of tax exemption for religious and other non-profit schools will intrude upon the California political campaign next year. Good citizens everywhere should insist that facts rule the debate. The fires of bigotry must not be lighted as they were in 1952.

Let us recall what has gone before. In 1951 the Legislature passed a bill exempting from taxation religious and other non-profit schools of elementary and high school grade. Similar schools at the college level had been exempt since 1914. In 1952 the issue was carried by referendum to the people, who upheld the exemption after a campaign of regrettable bitterness. Foes of the exemption then took their case to the State Supreme Court and United States Supreme Court, again losing.

NOW THEY HAVE revived it by qualifying for the 1958 ballot an initiative repeal measure. They cannot properly raise the constitutional issue of separation of church and state because the highest courts have said no such issue is present. Fact is, tax exemption for religious schools dates back to the earliest days of the Union. California was the last of the 48 States to grant it.

So the campaign next year must be based on the question of what is sound public policy, what is fair and what is just.

There are 1,076 such schools, of which 643 are Catholic, 390 are Protestant, four are Jewish and 39 nonsectarian. Had they been taxed last year, the total tax revenue would have come only to \$1.8 million.

As against this, had the 340,000 pupils in these schools attended public schools instead, the State would have had to provide \$350 million to build new schools for them and an additional \$118 million for increased operating costs.

IN THE ABSENCE of any showing that the exemption works an injustice upon others—and none can be made—it is manifestly both sound business and sound public policy to grant that \$1.8 million of tax relief and avoid that enormous increase in the public tax load.

The parents of children in these schools willingly carry a double burden. They pay their full share of taxes for public schools they do not use while paying all the costs of their own schools. Injustice and a denial of fair play would indeed be present if, in addition to this, double taxation were reimposed upon them.

The attempt at initiative repeal is unwisely made. Since it cannot now be avoided, it needs to be met firmly, and be firmly rejected.—Reprinted from the San Francisco Examiner.

A Sad Bouquet

City officials and others acquainted with Sierra Madre affairs were saddened last week over the unexpected death of T. Guy Cornyn, city attorney here since Dec. 28, 1948.

A quiet and calm individual, always a gentleman, Mr. Cornyn brought to the City Council his great knowledge of municipal legal matters plus a reservoir of common sense.

Perhaps the latter—common sense based on knowledge—was his greatest asset. On innumerable occasions Mr. Cornyn was called upon to deliver a few well-chosen words that cleared away the tangle of conflicting opinions, making it possible for the Council to take appropriate action. His death leaves a void that will be difficult to fill.

Letter to the Editor

TREE TRIMMING

Dear Sir: This may sound as if I am looking for a job, well, maybe I am, but I believe that my sincerity in stating the need for tree-trimming in Sierra Madre may be of benefit to this area, you, my neighbor and myself.

The subject of low-hanging trees, or the branches thereof, is more important than might appear on the surface. Many communities including our Pasadena neighbors, have gladly paid for the service of tree-trimming for the sake of reducing the possibility of fires, floods, and traffic accidents.

If a car driver, blinded by a low-hanging tree, runs over a child, all of the low-hanging trees in the nation couldn't pay for the life of that child. Fire trucks facing to the call of an emergency, have been slowed, delayed, or even stopped temporarily by low-hanging trees. There are many other reasons why communities have hired a man, or a unit of men, to keep their trees cut to a certain level above the streets.

I feel very deeply about this and I'm the man who can do the job.

Sincerely,
CLIFFORD B. BESTOR

One of the most disturbingly insidious schemes yet concocted by the invincible adman is about to be launched: Subliminal Advertising—or the "phantom plug." This invasion of our subconscious mind will come in the form of little flash messages (lasting one three-thousandth of a second) which will bombard us from TV and movie screens.

Commands such as "Drink Burpo," and "Smoke Catarrhs" will appear on the screen so briefly (while the program is going on), that the viewing public won't even be aware they're being hypnotized—or that's exactly what it is.

Some sort of legislation should be enacted forcing TV stations, etc., to make known their affiliation with this type of visual brainwashing—if the Food and Drug Administration can make manufacturers list ingredients, especially harmful ones, it seems to FCC could do likewise—so that the reasoning public can boycott not only the station, but the product itself. If ratings drop, sponsors and stations will have to return to more forthright huckstering.

The whole concept is frightening, because once it starts—it won't stop with just advertising.

A SIGN in the hotel courtyard, "Dinning Room Now Open," caused one passerby to insert ear plugs.

AIRBORNE GOATS. Leon and Mary Jenkins have become foster parents to a pair of tiny orphan goats which arrived via plane, bus and car last week. Leon was working at the Naval Ordnance Training Station on San Clemente Island, when the mother goat was killed. As he couldn't leave them to starve, Leon flew home in a Navy plane with the goats cradled in his arms. The babies are bottle-fed and quite tame as pampered pets in the Jenkins household.

More Jenkins Family Jottings: Loren and Dorothy Jenkins are pretty sure their 4-month-old grandson will sing—if the old Mexican superstition "A baby who cries during his christening will be a singer"—proves correct. Little Richard Nicholas Jenkins, son of ex-Sierra Madres, Dick and Mae Jenkins, was christened recently at the Covina Congregational Church, and Dorothy says the usually sunny-tempered infant protested lustily throughout the service.

Watch on the Potomac

By Robert G. Spivack
THE RETURN OF THE NATIVES—We don't and we won't advocate violence as a means of handling Ku Klux Klansmen and the activists in the White Citizens Councils. In the long run, the firm but non-violent methods of the Negroes at Little Rock and Montgomery, Ala., are more effective.

But it would be sheer hypocrisy to pretend that we were not amused at the plight in which the shirked knights of the KKK found themselves after the Indian uprising at Maxton, N. C., not too long ago.

What stirred the Lumbee tribe, I'm told, is that the Klansmen said that it was "un-American" for Indians and white adults to date each other. This was hard to swallow since the Lumbees, Cherokees and other North Carolina tribesmen go back so far in American history, I understand they regard the Klansmen as recent immigrants.

All in all it was a refreshing episode. Some civil rights advocates even think the slogan for 1958 ought to be "Let's give the country back to the Indians."

WE NEVER intended this to be a humor column, but there have been some strange things going on in these parts lately.

Take the case of the Princeton University rowing team. These sons of free enterprise have apparently decided to ape their Wall Street ancestors when it comes to getting free hand-outs from the government. Either that or they've gone socialist.

Whatever it is we report the following episode without further comment. Last year the 150-lb. crews of both Yale and Princeton decided to row in the Henley rowing regatta on the River Thames. The Yale lads, sturdy fellows and firm believers in the capitalist way of life, contacted the Seaboard and Western Airlines Company to transport their rowing shell to England.

But what did Princeton do? When they heard the cost was \$736 they contacted the State Dept. If the government can send "Satchmo" Armstrong to Europe, they said why can't the government send over their shell, at cut rates?

The argument impressed the State Dept. which contacted the Air Force which turned the assignment over to MATS, the government's military air transport service. The Princeton shell went overseas for practically nothing.

This caused officials of Seaboard and Western to blow their tops. They complained to the House Military Operations subcommittee which lamented this turn of events but won't, of course do anything about it. Adding insult to Yale's injury, Princeton won the regatta.

ON HOW TO MAKE MONEY—I'm a little late getting around to it, but I think you'll still find "Mr. Baruch" by Margaret I. Coit (Houghton-Mifflin, \$6.95) worth reading. As you've probably heard, the old gentleman was a little annoyed with Miss Coit's biography and has written an autobiography "to keep the record straight." That's their personal controversy and I don't want to get into it.

All America is far better off now that employees get decent pay.

Your Congressman . . .

Dems Blamed for 'Bad' Farm Economy

By Edgar W. Hiestand, Rep., 21st District

Rarely has a Cabinet member been vilified as much as Ezra Taft Benson.

As Secretary of Agriculture during one of the most critical periods in the history of American farming, Benson has been badgered constantly by pressure groups and free spenders who charge "he hasn't done enough for the farmer," while at the same time housewives and wage earners blame him because their food bills are at sputnik levels.

It's time to check the facts.

FIRST WE must realize that Congress, not the Administration, makes the laws. The secretary of agriculture has a right to propose, or oppose, laws while they are being made, but Congress doesn't have to take his suggestions. Furthermore, once the laws are on the books he has no choice but to enforce them.

Congress has been tampering with the farm economy for years, ever since it passed the Agricultural Adjustment Act of 1933. Controls, rigid supports, acreage allotments, conservation programs—all passed originally as "emergency programs"—have been held over and each year Congress adds new variations and twists.

The result has been hodge-podge legislation which has cost the overwhelming majority of Americans billions of tax dollars to support a farm minority which generally neither needs nor wants these farm laws and their modifications.

INSTEAD, BENSON has had to treat the effects of the

laws rather than the causes. He has had President Eisenhower's full blessing in trying to untangle the problems.

But Congress under Democratic control has been hostile in the extreme. Last week's hearing before the Senate Agriculture Committee was an example. Benson began to read a statement incorporating the major part of his 1959 farm plans. He was set upon immediately by members of the majority side who seized this chance to belabor Benson and the Administration. What they offered in return were the same outmoded, unworkable system of high, rigid price supports which have been responsible for the overwhelming surpluses and for the climbing cost of farm products.

With complete disregard for the housewife and her husband's paycheck, these senators lashed Benson with vicious personal attacks and smears because of his program. Mobilized behind these senators are farm pressure groups, spearheaded by the radical Farmers' Union, which to date have been so powerful that it was political suicide for a farm state officeholder to oppose them.

Nevertheless there are indications that in this session of Congress the farm bloc will not be so united as heretofore. Even with huge subsidies, the Democrats' farm program has forced poverty on a great segment of the farm population, especially the small farmer. The hard facts are that a large per-

centage of the money that is being paid out in subsidies is going to the wealthy farmer with large acreage holdings. This goes to emphasize the inequity of the present law.

NO ONE KNOWS better than Benson that any government subsidy is unsound. Where his proposals have gone into effect through the years, they have worked. Surplus holdings in the hands of government were reduced last year. Three-fourths of our farms are owned by those who operate them, the highest percentage on record. Farm net income stabilized from a year ago, and farm real estate prices moved to the highest on record. But still the outmoded laws are being handed to him to enforce.

There is hope that this year there may be a little change. The Administration's farm program which was presented by President Eisenhower on Jan. 16 has several first-rate features. And as mentioned earlier, there are chinks in the solidity of the farm bloc. This may be a year for the food buyer as well as the food grower.

Ezra Taft Benson was a Mormon clergyman before taking office as secretary. He took the job only on assurance from President Eisenhower that it was a "spiritual duty" to restore the faith of the American people in the integrity of their government and the farm economy.

If he fails in his duty, it will not be for lack of trying but for lack of votes on the Democratic side of the aisle.

MISSION BELL

THE GOLDEN RULE—"As you wish that men would do to you, do so to them"—is so powerful and practical that even in distant lands where the true God is unknown His Golden Rule is known. Many say their religion is treating the other fellow right, or doing to him what I would want him to do to me. It would be fine if it was as easy to follow as it is simple to understand.

THE GOLDEN RULE is not just a means of keeping out of trouble. We often forget it anyway when we become angry, discouraged, tired and frustrated. It is a rule of service, duty and obligation. One who follows this rule will truly love his neighbor as much as himself.

NOT ONLY has He given us this rule (read Luke 6:27-35) but He gives us the power to live it. This the Lord does by repentance of our sins, accepting His forgiveness and turning our will completely to Him. The only way we can really get the full power of repentance, forgiveness and God's help is through the church, which Christ Himself founded as the Way, Truth and Life. Only as a believing member of His church can we truly know and realize all the needs of others so that we can treat them right and ourselves grow spiritually.

TODAY'S THOUGHT—No one becomes a true Christian on his own terms. —The Rev. RAY E. HANSEN.

United Lutheran Church 270 W. Sierra Madre Blvd. S.S. at 9, Church at 10 a.m. Sermon: "Heaven's Wage Scale"

Rev. O. H. Geiger Speaker at Faith Lutheran

The last in a series of four Friendship services will be held in Faith Lutheran Chapel, 835 Hastings Ranch Dr., this Thursday at 8 p.m. The congregation's Guest Missioner for the week, Rev. Oren H. Geiger of Turlock, has chosen as sermon theme, "Choose Ye This Day."

Especially popular in these evening services have been the hymn-sings, giving members an opportunity to sing favorite religious hymns.

"The members of Faith Congregation have also had the opportunity to welcome and to become acquainted with many new friends of the church," according to Rev. Armin Hesse, pastor.

As his sermon theme for the 10:30 a.m. Sunday worship hour, Rev. Hesse has chosen "What Kind of a Worshiper Are You?"

Sometimes people can talk freely of religion because they have never met the real thing.

Annual Missions Conclave Planned by Methodists

Sponsored by the Commission on Missions and headed by Miss Florence Evans, the annual missionary conference of the Sierra Madre Methodist Church will be held from Sunday, Feb. 2, through Wednesday of that week. It will feature outstanding speakers, plus a panel discussion by foreign students following the dinner meeting on Feb. 5.

Dr. Horace Dewey, a missionary in China for over 20 years, will be guest preacher at the 9:30 and 11 a.m. Sunday worship services. He will speak on "Methodism in Southeast Asia." Scheduled for Sunday evening at 7:30 in the sanctuary is Dr. J. Wesley Hole, treasurer of the Southern California-Arizona Conference and member of the Sierra Madre church, who will talk on his recent trip to Methodist churches and missions in Hawaii and show colored slides. The Commission on Education, headed by Dr. George Frempter, will be official hosts.

On Monday evening at 7:30, Miss Elsie Farris, Long Beach attorney, philanthropist and world traveler, will discuss her visits to Protestant Missions around the world. The evening's activities are presented under the auspices of Methodist Men with Ben Shields presiding.

"He Took Courage" is the theme of the address to be given on Tuesday evening by Dr. Margaret Dao, a Chinese doctor who fled her native country—first from the Japanese and then the Communists—and who will relate what foreign missions have meant to her and her family. Dr. Dao is a third-generation Christian, her father being a Methodist minister.

On Wednesday at 6 p.m., an Oriental dinner will be served in the parish house, and a panel of foreign students will be moderated by Miss Evans. Reservations will close at noon Monday.

Mrs. Stranske To Address Bethany Society

A woman's side of the average missionary family will be presented by Mrs. Harvey Stranske at the Bethany Missionary Society meeting at 10:45 a.m. Tuesday, Feb. 4, in the Fellowship Hall.

Mrs. Stranske is a Bethany missionary associated with Africa's Inland Mission. The Stranskes will soon return to Africa.

Following a noon sandwich luncheon at which coffee and tea will be served by the society, a brief business session will be held at 1 p.m.

Afternoon speaker will be Bob Bowman, director and one of the founders of the Far East Broadcasting Co. Since he has traveled widely throughout the Philippines and Asia, his message, telling of the miracles wrought in the Orient, will be challenging and inspiring. Mr. Bowman will also sing for the society.

A nursery will be provided all day for care of young children and babies.

SUNDAY SERVICE

"The Key to the Abundant Life" will be the subject of the Sunday morning worship services, Feb. 2, at 9:15 and 11 a.m. by Dr. Ethel Barnhart, at the Santa Anita Church of Religious Science, 778 S. Rosemead Blvd., Pasadena.

SERMON TOPIC

The great tenderness and care of God as Love, and of Christ Jesus' life of unselfed healing and redemptive love, is emphasized in the Lesson-Sermon on "Love" in all the Christian Science churches on Sunday.

VILLA VIEWS

By Toni Maurin
SY, 7-9634

This is my week to be rebellious. After shuffling and reshuffling my clothes for these past several years, I have finally worked out a system to store all the bouffant petticoats that milady must have in her wardrobe to be fashionable. I no longer sit me down and relax and what do they do. They put the bouffant on top and the chemise on the bottom and I'm all out of style again. Now I have to bounce myself on the floor and start pouting the chocolate eclairs off my hips or I hibernate for the next seven years while the designers have their fling.

I just loved those full skirts, too. Many an over-indulged appetite could be hidden beneath the folds of those lovely circles. Oh well, I just love carrots!

I finally got a chance to catch up on the news at the Dr. Alfred E. Sandblom family at 1890 Kinneloa Mesa. They recently announced the engagement of their daughter, Linda, to Duane Hoppe. It was announced earlier in the month at a family supper. Linda flew back to Litchfield, Mich., during her vacation from school and spent a little time with her fiancé's parents, Rev. and Mrs. Harold Hoppe. Both Linda and Duane are students at Westmont College in Santa Barbara. The plans are being arranged for a late summer wedding. Both Linda and Duane came down and spent a brief visit with the Sandbloms last week during a break in their class schedules.

MR. AND MRS. Omar Ford of 1881 Pasadena Glen are entertaining Mrs. Ford's parents, Mr. and Mrs. Walton Kay, from Geneseo, Ill. They plan to be here for about six weeks. Last weekend they took them up to Santa Barbara and Solvang for a little sightseeing trip. Mr. Mrs. Lawrence Kay, also of Geneseo, visited them for a few days this month.

MR. AND MRS. C. A. Moun-teer of 1250 Sierra Madre Villa have been busy doing a little entertaining in their new home before the arrival of their newest baby next month. Last week they had a dinner party for several couples and last Saturday evening they had an open house for about 50 people from Mr. Moun-teer's division at the Giannini Co.

MRS. JOHN D. Sorenson of 3300 Calvert Road entertained at a bridge luncheon last week for several of her friends.

THE JOSEPH Philipsons of 1495 Old House Road spent five days in San Francisco this past week. It was a combined business and pleasure trip.

MR. AND MRS. Robert W. Stinebaugh of 1555 Old House Road had a dinner party for nine couples from the Municipal Light and Power Department of the City of Pasadena. The entertainment of the evening featured some color slides of Northern California and Oregon and showed quite a few of salmon fishing on the Smith River. Mr. Andrew Beahm, who recently retired, took all of the pictures on his vacation and gave the narration as he went along.

MORE OLD HOUSE ROAD news: Mrs. F. W. Sorgenfrei is out visiting her daughter, Mrs. F. R. Anderson of 1545 Old House Road. She came out from Chicago and plans to stay for the winter.

MRS. SKIPPER Rostker of 3426 Barhite had about 30 members of the Webster PTA in last week for a coffee klatch. The purpose of the meeting was to introduce Mrs. Donald LaMotte who gave a short talk on her role as a member of the Board of Education.

MRS. NORMAN McBRIDE of 3414 Vosburg had an informal little bridge party one rainy day last week. The guests included Mrs. M. H. Simmers, Mrs. George Woodruff and Mrs. Charles Rasmussen.

CALTECH LECTURE "Desalting the Pacific" is the title of this week's Friday evening demonstration lecture at the California Institute of Technology. The lecture will be given by Dr. Jack McKee at 7:30 p.m. in Room 201, Bridge Hall of Physics.

ValleySection Schedules Dance Feb. 15

Final plans are being made by members of the San Gabriel Valley Section, National Council of Jewish Women, for their annual "Lovers and Lollypop" dinner dance scheduled for Feb. 15 at Flamingo Hotel in Arcadia. A cocktail hour will precede the dinner.

Mrs. Leon Kahn, party chairman, has announced guests will dance to the music of "Four Men and a Note." Highlight of the occasion will be the awarding of a weekend for two at the Desert Inn, Las Vegas. There also will be door-prizes.

Mrs. Kahn's committee includes Mrs. Eugene Singer, Mrs. Filmore Levy, Mrs. Leonard Halpern, Mrs. Leslie Lynn, Mrs. Miles Barasch, Mrs. Terrill Chambrom, Mrs. Milton Gister, Mrs. Emily Brown and Mrs. Philip Rosenblum.

The council, an active organization throughout the nation, carries a broad program of education in national and international affairs, community services through some 800 local projects for the sick, aged, the very young, mentally and physically handicapped and for the assistance of newcomers to America and the foreign born.

Party reservations may be made by calling Mrs. Kahn at Atlantic 7-2444 or Mrs. Brown at SYcamore 8-6688.

Hastings Teen Times

By Joan Kaponya

ELgin 5-2015

Hi! Last Friday night was Senior Class Movie Night, with "Three Coins in the Fountain" as the feature, and it was a big success. Over \$600 came in, which will be used for a very worthy cause: the senior class party.

Elections were being held this week, and the campaigns were going real strong. Many of the kids

HEY, KIDS, do you remember me telling you about Barbara Brill, the Marshallite gal who spends her Christmas vacations in different countries? Well, she's back in our midst and telling about her thrilling experiences abroad.

This year the trip took them to Europe. They visited Rome, Innsbruck, Munich, Switzerland, Berlin, Vienna, London and Monaco. Barbara said they ate their way through Italy. In fact they enjoyed the food in all the cities.

running for offices live in the Sierra Madre, Hastings Ranch and Riviera areas.

Running for different offices are the following: President, Dan Okimoto; vice president, Chris Dinwiddie, Toby Spessard; secretary, Dixie Grieve, Jimmy Hezlep, Elka Joubert, Janet Smith; finance, Don Anderson, Ann Fricke, Craig Lagerstrom, Dick Munro, Bjorn Sedlenick.

Boys' activities, Steve Clawson, Tim Scalzo, John Watts; girls' activities, Judy Crook, Joan Dragon, Carol Emery, Virginia Hippenstiel, Diane Moore, Martha Parks, Andie Vingoe; elections, Martha Bohorquez, Don Cillax, Sherry Clark, Jan Helgerson.

...EXCITEMENT! We sure had our share of excitement at our house. Last week Michelle Bergerac, brother of Jacques Bergerac, the movie star and former husband of Ginger Rogers, was at our house for cocktails. Before Michelle arrived Jacques called on the phone. I usually answer the phone, but it was just my luck that my Dad answered it this time because I was heating cocktail sausages.

When Michelle arrived we told him that his brother had called. Guess what? They found out that both had been in Munich, Germany, staying at the same hotel on the same day and didn't know it. Imagine that!

Scout Troop 383 Holds Honor Court

Boy Scout Troop 383, sponsored by Don Benito School PTA, held its first official Court of Honor recently, elevating three boys, Bob Freinkel, Charles Roth and Ron Schneider, to the status of second class scouts. The Court of Honor was presided over by Royal English, district scout commissioner.

Troop 383 was founded approximately the first of May 1957 with an original complement of five boys, Rob Captain, Bob Freinkel, Ron Schneider, Bill Behr and Craig Smith. During the past eight months, the troop has more than tripled in size.

To date, troop members have enjoyed overnight hikes in the mountains and desert areas and they have a well-planned schedule for many more events during the coming year.

Other troop members include Peter Joyce, Bruce Beck, Craig Bleeker, David Brown, Ronnie Stine, Chase Wickersham, K e n n y Macy, Eddie Blackman, Craig Gallagher and Jeff Hansen.

Field Mothersingers Make February Dates

Eugene Field's Mothersingers continue to find themselves much in demand, and because they love to sing they nearly always accept requests even though their appearances cause many tight time schedules.

The Mothersingers will sing five times within the next couple of weeks at Founder's Day PTA programs throughout Pasadena. Scheduled are:

Tuesday, Feb. 18—Hamilton School at 7:45 p.m.
Wednesday, Feb. 19—Don Benito at 2:45 p.m.; Lincoln at 7:45 p.m.

St. Valentine Theme Planned For Cotillions

A favorite holiday of children and teenagers, St. Valentine's Day, will form the theme for February parties of the Junior Cotillions of the Foothill Area, which will meet next week at the Sierra Madre Woman's Club.

Sixth graders will party on Tuesday at "Cupid's Capers" with the Cotillion meeting from 4:45 to 5:45 p.m., and the Assembly from 7 to 8 p.m.

Fourth and fifth graders have Valentine parties scheduled at 4:45 and 5:45 p.m. on Wednesday.

Seventh and eighth graders also will enjoy "Cupid's Capers" on Wednesday, with beginners scheduled from 6:45 to 8 p.m. and advanced students from 8:15 to 9:30 p.m.

Chairman of the event is Mrs. William Fox. Among her assistants are Mrs. Robert Lee, Mrs. Robert Fey, Mrs. Lewis J. Ross, Mrs. Ben Barth, Mrs. John Willis, Mrs. Rorace Ray, Mrs. Don Lingren and Mrs. William Gulack.

The selection of reading and arithmetic results from the analysis of a questionnaire sent home in November. The parent observation program is tailored to the parents' interests which is in the academic field. Mrs. Bernice Lifton is in charge.

Wednesday, Feb. 26—Eugene Field at 7:45 p.m.

Thursday, Feb. 27—Marshall Junior High at 2:45 p.m.

Their program will include a medley from "The King and I" (Rogers and Hammerstein) and the spiritual, "He's Got the Whole World in His Hand."

Mrs. John LaMontagne, Field music chairman, invited Field mothers interested in joining the group to call her at ELgin 5-2358.

Don Benito PTA Sponsors Program

A parent observation program arranged by the Don Benito Parent-Teacher Association and Don Benito School is now in session. The program continues from Jan. 28 to Feb. 17.

The hour-long meetings will include the demonstration of the method of teaching reading for the first and second grades, and the method of teaching arithmetic for the third through sixth grades.

A 10-minute explanation period conducted by the teacher will precede the observation of the classroom situation, concluding with a discussion between the parents and teacher.

The selection of reading and arithmetic results from the analysis of a questionnaire sent home in November. The parent observation program is tailored to the parents' interests which is in the academic field. Mrs. Bernice Lifton is in charge.

-when electricity dries

fresh-air sweet indoors?

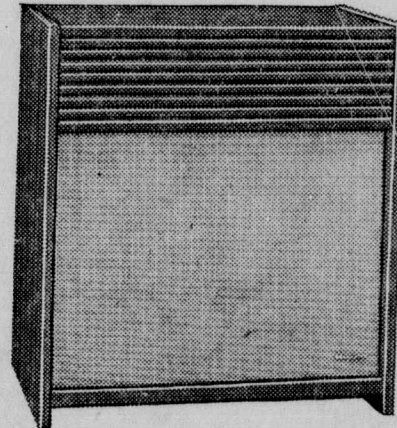

Only Electric Dryers can do it. In an electric dryer, radiant coils warm the air inside. There's no flame, none of the by-products of combustion. It's cleaner and purer than any other way of drying. 32% fluffier than back-yard drying—and electric drying doesn't fade colors.

Electric dryers not only cost less to buy, but less to maintain. Before you tote another load out into the hot sun, see the new electric dryers at your appliance dealer.

Shanks Family Leaves Ranch For San Diego

Hastings Ranch is saying a reluctant goodbye this weekend to Mr. and Mrs. Norman Shanks, and to Roger, a Wilson student, and Barbara, a Field sixth grader. The Shanks family is moving to San Diego from 3640 Newhaven.

Both Mr. and Mrs. Shanks have been prominent in in Scout and Camp Fire work and other Ranch activities.

The Nite-Lighters, neighborhood women's group of which Mrs. Shanks is a member, surprised her at the January meeting with a going-away present.

These developments came at the January dinner meeting of the club at the Derby in Arcadia. Wilson, who last year was sergeant-at-arms of the club, succeeds Robert J. Gorman as president.

The club, formed of some 75 representatives of large food firms, meets every third Monday for dinner, and to discuss merchandising, as well as service projects.

Wilson, born in Los Angeles, but a resident of Sierra Madre and Hastings for many years, attended Sierra Madre and Pasadena schools. He is a member of the Sierra Madre Masonic Lodge.

Your Health... County Polio Cases Lowest in Twelve Years

By Roy O. Gilbert, L.A. County Health Officer

During the year 1957, Los Angeles County was one of the more favored places in the United States in which to live. There was not a single major epidemic. And, although Asian Flu was present during October, the number of cases remained moderate and the disease was not especially severe.

Polio, myelitis, presumably as a result of widespread immunization programs, had its lowest incidence in 12 years—375 cases as contrasted with 812 in 1956 and the 5-year median figure of 1,530 cases.

Reported tuberculosis cases of all kinds were down from last year. The total of 3,058 cases represented 66 fewer cases than in the previous year. It is possible, though, that this slight decrease may be the reflection of a loss of

certain case-finding facilities in the county.

ON THE DEBIT side of the record were the venereal diseases. Both syphilis, with 2,706 reported cases, and gonorrhea, with 8,852, showed slight increases over 1956. But on the basis of figures for the last five years, neither increase could be considered alarming.

Other reportable diseases that showed increases included typhoid fever, typhus fever, coccidioidomycosis, diarrhea of the newborn, encephalitis and salmonella infections. None of these, however, was of a magnitude that could cause great concern.

Decreases and increases were found among the diseases most generally affecting children. Measles (15,469 cases) and scarlet fever (2,466 cases), both were more common in 1956, the former disease by 300 per cent. Indeed, the two diseases accounted for 41.5 per cent of all diseases reported during the year.

PERTUSSIS (whooping cough) was up as well, with 1,469 cases as compared with 1,011 during 1956. However, diphtheria dropped to 5 cases from 12 in the previous year. And mumps fell from 7,915 in 1956 to only 2,872 cases.

Even the dog population had a safer year as far as animal rabies was concerned, which is, of course, of considerable importance to human beings. There were only 26 reported cases of animal rabies in the county during 1957, and this was a considerable reduction from the 135 recorded during the previous year.

The improvement is attributed to the enactment of county and city ordinances requiring the vaccination of dogs against rabies. In general, because of population increases in 1957 and during the last five years, both the increases and decreases in reportable diseases are relatively more favorable than the actual figures indicate.

'Experiment Z' Is New Theatre Americana Play

By Edward Voorhees

The world premier of "Experiment Z," timely new play written and directed by Harold Holland, veteran British playwright, actor, and director, long resident in Hollywood (and whose seven-league boots, incidentally, have explored all our San Gabriel trails since 1913!) opened last evening at the William Davies Memorial Building, at No. Lake and Mt. Curve, in Farnsworth Park, Altadena.

The play is being produced by the 26-year-old "Theatre Americana" group, devoted to producing new plays, largely based on the American scene, usually five plays annually.

FROM THE Altadena-Pasadena group's founding in 1932 Sierra Madre citizens have occasionally rendered some help in its productions. In "Experiment Z," Edward Voorhees of this city is playing a secondary part, that of "Judge Galigula of the High Court of Justice"; and Stewart Matter, well known musicianologist and choir director of the First Congregational Church, is in charge of the background music for the play. The cast numbers twelve.

A serious, though satirical, plea for outlawing war, the play's action makes a "science thriller," peopled with assorted spies and a "packed" High Court of "justice," all trying to outwit one another, in "Alland," a country where an unknown scientist, "Stratford Dimple," has developed, an electronic device to "paralyze" the implements of war, in all countries at once and without casualties!

It is as exciting and fantastic—and perhaps, eventually, as workable—as were originally those "impossible" stories, "Around the World in Eighty Days" and "20,000 Leagues under the Sea"—until the submarine and the jet plane.

HOW THE "simple" Stratford Dimple and his devoted supporter, Kate Puffy, deal with the onslaughts of their assorted opponents for the possession of the mysterious "KOWI," gives food for

thought, both philosophical and practical, on war and peace.

"Experiment Z" will continue nightly at 8:30, except Sunday and Monday, until Tuesday, Feb. 4, inclusive. All seats are unreserved but telephoned orders will be held at the theatre box office till 8:15—SY 7-4178.

Women's Fellowship

The Women's Fellowship of the Congregational Church will present the theme, "Our Mission Study, Foreign and Home," at their monthly meeting Tuesday, Feb. 4. The Women's Gift, gathered as a thank offering during the year, will be dedicated. Mrs. Robert Jenkins, women's gift chairman, is in charge of the program, which begins at 11 a.m. Luncheon is at 12 noon, under the direction of Mrs. Percy Kortkamp.

New Gas Company Customers Total 6,600 in San Gabriel Valley

Net addition of 6,606 customers in the west San Gabriel Valley during 1957 was announced yesterday by Southern Counties Gas Co.

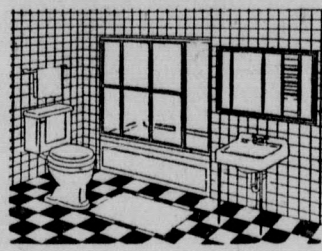

Actually, the utility "connected" 7,007 meters in this area last year. Difference between that total and the net figure, according to gas company Local Manager R. E. Harbicht, is a loss of meters due to homes being removed for a variety of reasons.

At the end of the year, Harbicht said, Southern Counties was serving 132,465 customers in this area, making his division the second largest among eight in the company's system.

Customer additions here last year were third highest for any one of the eight operating areas.

Actions speak louder than words—but not so often.
